About me

Eager to start a rewarding profession, motivated current student but on my last semester getting a bachelor's degree in information and communication technology. Actively fills in knowledge gaps to provide companies with value and work well in teams.

I bring a strong sense of responsibility and dedication to every assignment I undertake, driven by the twin objectives of providing for my family and improving my computer abilities. With an E.TESDA qualification in Installing and Configuring Computer Systems to my name, I'm dedicated to lifelong learning and teamwork in the ever-evolving world of technology.
